The machine

The ScrubWise™ A120X is a 24V walk-behind disc floor scrubber for indoor hard floors. A 20" (505 mm) brush with 780 mm rear squeegee recovers dirty water. It ships with both a brush and a pad driver, plus an offboard battery charger. Self-propelled drive takes the push out of long corridors. It is sized for schools, clinics, retail floors and plant aisles where a ride-on is more machine than the job.

- 20" (505mm) scrub path.
- 55 L solution tank and 60 L recovery tank.
- Self-propelled drive.
- ~3 hours run time w/ lithium batteries.
- ~2200 m²/h theoretical coverage.
- 60 dB(A) or less.

ScrubWise™ A120X — front and operator controls.

Principal parts

- LCD display, push-button controls with ECO mode and an ergonomic trigger control system
- 24V 100Ah lithium battery (other options available)
- 780mm aluminum squeegee assembly
- Single 505mm brush or pad with aluminum brush deck
- Brush and pad driver included
- Offboard battery charger included
